

FIREPLACE INSERTS - SONOMA & SAN JUAN

Make building a custom fireplace simple

Finally, there is an efficient, effective, simple way to construct a custom fireplace! With the Sonoma & San Juan Fireplace Inserts you just need to frame around the pre-engineered fire boxes. You can make a stand-alone surround or build as part of the existing structure walls. The high-heat output will warm your Outdoor Room and make entertaining fun!

Fireplace Insert Features

- Glass fiber reinforced concrete construction provides durability for years to come
- Beige color finish
- Gas Log set is completely vent free and does not require a chimney
- Available in Propane (LP) or Natural Gas (NG)
- Log set comes with a wind resistant pilot light
- Easy Assembly (Less than one Hour) not including framing or finish
- 1 year warranty
- 20 Pound LP Tank will burn for approximately 8-11 hours

San Juan Insert with stacked stone finish.

Sonoma insert with stucco finish.

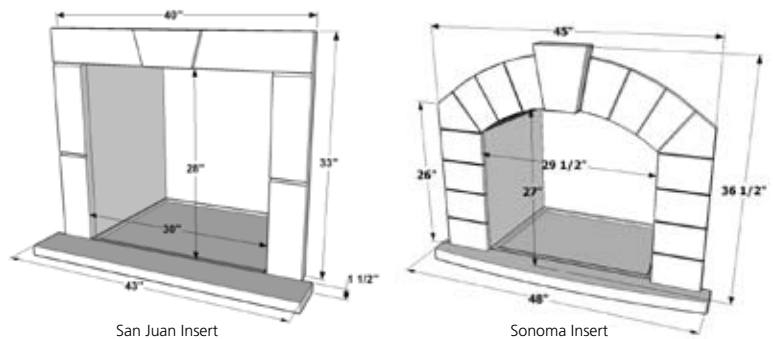

NOTE: Printing color may vary slightly from actual product.

- Arched or Straight Top Design to fit virtually every design style
